## Configurational Structure of 2 Henry IV

The configuration structure below displays horizontally the number of the speech, the speaker, and the graphic symbols which denote the state of the *dramatis personae*:

 $\blacksquare$  = speaking;  $\blacksquare$  = present;  $\square$  = absent;  $\square$  = aside; The death of a figure is indicated by  $| \cdot |$ 

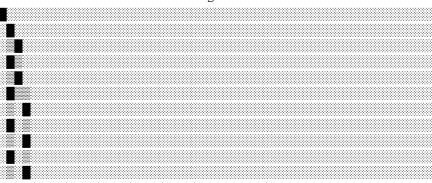

The figures have each a vertical column which tells of the degree of participation.

As the play develops the configurations become visible, likewise configurations changes and their lengths. (see Manfred Pfister. *The Theory and Analysis of Drama*, Cambridge: University Press, 1988, pp.164)
